Don't forget to Turn in the work when you have finished it.

Turn in late

Geography self isolation work - Coasts Topic (continued)

Due November 26, 2021 11:30 AM

Instructions

Your current topic is Coasts. Over the next few weeks you will study the processes of erosion and weathering and the landforms created by the sea. If you have missed any lessons or are not in school for the lessons, then you are able to see all of the PowerPoints and resources on SharePoint. You will need to go into the Geography area, then the year 8 folder and then click on the Coasts folder.

If you are unable to access SharePoint, then you will need to contact IT services on itservices@sch.uk

My work

Attach + New

- Word document
- Excel spreadsheet
- PowerPoint presentation
- Class Notebook page
- Video recording
- Whiteboard

You can either attach your work if you've already saved it...

...or you can start a new document here

The instructions tell you what you need to do. There may be other files attached here as well.
